

Pinnacle Mortise Sliding Door Lock

The Pinnacle Sliding Door Lock has been developed with features designed to significantly improve functionality in sliding door applications. The lock features the unique security of a single hookbolt with an anti-lift feature between the lock and the strike.

Features

- Deadbolt locking
- Anti-lift design
- Anti-slam mechanism protects accidental damage to hook bolt when door is closed
- Adjustable strike
- Stainless steel forend plate
- Robust design
- Can be keyed alike to other ASSA ABLOY CYL4™ 5-Pin locks for one key convenience
- Built to withstand a 4kN force entry load and 100,000 latching cycles
- Compatible with a range of Euro Cylinders
- Identical standard routing details to other Optimum Mortise Locks

Options

- Available with 30, 35 or 40mm backset
- Double cylinder, cylinder and turnknob, half cylinder or half turnknob
